Spokane Express

Announcement was made last week from the Cranbrook offices of the Spokane-International railway, regarding the schedule for the "Spokane Express" and the "Alberta Express," the new through passenger service of this road between Spokane and Calgary.

The train will be fitted up in first-class style, and have within its doors a smoker, day coach, standard sleepers and diner.

This service is announced to go into effect March 15th.

The north bound train, to be known as the "Alb. Ex.," will leave Spokane 6:30 p.m., and reach Calgary 1:45 p.m. the next day, passing through Blairmore about 6 a.m.

The south bound train, to be known as the "Spokane Express," will leave Calgary at 3 p.m. (Spokane time) and arrive at Spokane at 9:30 a.m., passing through Blairmore about 11 p.m.

It is rumored in railway circles that as the new service is inaugurated, the local train between Cranbrook and Medicine Hat will be discontinued and merged into the n-w train service, that is the time changed to meet the requirements of the Spokane Express running as far as Macleod, thence to Calgary. A train will be made up at Macleod and run to Lethbridge. Passenger traffic of the Crows' Nest line will receive the same accommodation as before, with possibly a slight change in time.

System of Fines In Hockey No Good

The elimination of fines and substitution of longer periods of banishment is one of the suggested changes in the rules governing professional hockey that finds favor among many of the club owners in the National Hockey Association.

The belief is becoming stronger all along that the present system of fines, which obtains in the East, is no good; that the only way to keep the play clean is to eliminate the rowdies. It is likely next year the referees will be given more power, and players tripping or striking an opponent will find themselves banished from the ice for perhaps a whole period. Repetitions of the offence may even result in their suspension for the entire season by the president—Victoria, B.C., Colonist.

Clark and Davis Must Go to the Scaffold

Vancouver, Mar. 1.—The minister of justice has refused a new trial to Clark and Davis, convicted of the murder of Police Constable Archibald, May 28 last year. The father of Davis, who lives in Toronto, has sent a pathetic letter to Clark asking him to confess in order that Davis may be saved. Each man blamed the other at the trial, and both were sentenced to hang on March 6.

Favors Contest In Blairmore

Blairmore, March 5th, 1914.
To The Editor
"Blairmore Enterprise,"
Dear Sir—I read with interest in your last issue of Mr. Dawson's proposal to proceed to Winnipeg or Calgary to decide the now much-talked-of contest. Personally, I think the idea most absurd. I see no reason why the contest cannot take place in Blairmore, and to bring the matter to a head I favor very much the idea of a smoking concert, proceeds in aid of the hockey club, at which I will gladly meet Mr. Dawson, Mr. MacDougall, or anybody else, and under any conditions.
Yours truly
FRED HARRIS.

Joe Gratton, of Bellevue, was in town yesterday.

Council Should Assist Presbytery and The Miners

Blairmore Will Have a Park if Town Will Only Undertake To Supply The Water and Upkeep

It is with pleasure we learn that agitation has been started for the establishment of a park at or near the railway station in Blairmore, and that the Canadian Pacific Railway Company is prepared to co-operate with the town for its immediate establishment and upkeep.

The site most favorably regarded is situated just east of the Fifth Avenue railway crossing on a strip of land between Victoria Street and the railway. This land is at present vacant and practically a dead-eye to the town. The site suggested would extend to about opposite Sixth Avenue, and is capable of being converted into one of the prettiest parks along the line.

Lethbridge has experienced the value of a park as an asset to the town, as also has Macleod and other more important railway centres and there is every reason to believe that the establishment of a park near the railway depot at Blairmore would prove one of the best assets yet introduced in this growing burg.

It is to be hoped that the town council will take the matter up for immediate consideration. We understand that the railway company will furnish all the shrubs necessary, in fact everything, if the town will undertake to supply the park with water and means of upkeep.

Knowing well that the Canadian Pacific Railway Company are particularly interested in the Town of Blairmore and its future, it is certainly to be expected that every citizen will appreciate the fact and endorse any steps the town council may take towards the laying out of a park. The site chosen is certainly an ideal one, being close to the railway depot and opposite the town's main business section.

Owing to the mild weather the past week, the schedule arranged by the local hockey league could not be completed. As a consequence the Dawson cup has been given a coat of Neatfoot Oil, purchased from the Blairmore Hardware Co. and has been stored away with other old cans.

The growing sympathy of the church with legitimate aspirations of labor, and becoming eagerness for a square deal all round, were strikingly shown at the meeting of the Presbytery of Macleod held at Lethbridge last week.

The following resolutions were passed and ordered to be forwarded to the provincial parliament of British Columbia, and the Dominion house of legislature:

"That the Presbytery have observed with deep regret the long continuance of the unhappy dispute in the coal mining industry on Vancouver Island with its disastrous consequences.

"They regret also that neither the provincial nor the Dominion government have appeared to be able or willing to deal with it in such a manner as to convince the people that they have been anxious to see justice done.

"And they further place upon record their conviction that the interests of the men engaged in the beneficial and dangerous occupation of coal-mining should be watched over with special care."

Frank Happenings

Mr. Cardie, boiler inspector, was in town on Tuesday.

Miss McLeod, of the Sanatorium, left on Tuesday for Calgary.

J. H. MacDonald, of Bellevue, was a Frank visitor Tuesday.

Mr. Bernard and H. C. Moore returned to town on Thursday.

Jack Truran and Andrew Stevenson, of Michel, were Frank visitors on Monday.

The Association of Stationary Engineers held their regular meeting at Coleman on Tuesday evening.

T. Davis left here on Tuesday to meet his wife, who is expected to arrive here this week end from the Old Country.

Mrs. A. J. McKinnon, who had been spending a couple of weeks with friends in Macleod, returned last week end.

BORN—On Wednesday morning, to Mr. and Mrs. Marcella, house 73, a son. Mother and child are doing well.

The subject of Rev. W. T. Young's address at the Methodist church on Sunday night next will be "Martin Luther."

Mrs. W. Hilton and Mrs. J. H. Gibson went to Lundbreck on Tuesday, where they will remain a few days visiting friends.

Jack Miller is hauling stone for the foundation of A. I. Blais' new store. Mr. Blais has already started to move his house back.

There is some talk of securing the services of Mr. Donkin as auctioneer at the next basket sale held in Frank, to prepare yourself, Ed!

Mrs. James Finlayson, who has been enjoying a six-months' visit to the Old Country, is expected back about Tuesday or Wednesday next.

The newly organized Frank Social League held their first meeting in the Methodist church on Friday evening last with a social and concert. A very pleasant time was spent. Mr. Wycherly, president of the league, made some very able remarks regarding the aims of the league, after which the following programme was rendered:

Song and "Encore" by Sam Paton
Song "Somewhere the Sun is Shining" by six Frank girls, "Encore."
Recitations by Miss Thomas, of Hillcrest
Recitation on "Sam Miller" by Miss Collier, and "Encore"
Song "Silver Threads" by Sam Paton
Encore—Bonny Mary of Arable
Reading by Mr. Baker
Closing Selection by Orchestra.
The music was supplied by the Popas boys, violinists, and their leader.
After the close of the concert,

The ball given by the Italians at the Eagle's Hall, Coleman, on Saturday night last was a most enjoyable event. About one hundred and twenty couples were in attendance. Music was furnished by the Blairmore Italian orchestra. Luncheon was served at midnight by the ladies.

A large size tumbler dropped into Joe MacDougall's throat while he was practising on Saturday afternoon. We learn that complications only ensued between the hotel proprietor and Joe over the loss of the glass. We all hope for complete recovery (of the glass) and that the accident will not prevent Mr. MacDougall from figuring in the approaching vocal contest.

The trial of Krafchenko will start at Morden, Man., on March 10th. A statement has been made that two new persons have been found who were eye witnesses of the shooting of H. M. Arnold, manager of the Plum Coulee branch of the Bank of Montreal.

In addition to the fifty-three witnesses who had given evidence at the preliminary hearing, six others will be called by the crown.

Mr. S. G. Lake, C. P. R. coal assayer and permanent guest at the Rocky Mountain Sanatorium, is suffering from a sore throat. His bachelor friends at the "San" are paying strict attention to the afflicted, and hope are long to restore him to convalescence. Mr. Lake is an ardent follower, not of the lango, but roller skating, and his present incapacitation was probably brought about through the inhalation of dust at the local roller rink.

The Hillcrest Dramatic Society will give an entertainment in the Union hall at Hillcrest on Monday night next. A good programme will be rendered.

CHRONIC STOMACH TROUBLE CURED

There is nothing more discouraging than a chronic disorder of the stomach. It is not surprising that many suffer for years with such an ailment when a permanent cure is within their reach and may be had for a trifle. "About one year ago," says F. H. Beck, of Wakelee, Mich., "I bought a package of Chamberlain's Tablets, and since using them I have felt perfectly well. I had previously used any number of different medicines, but none of them were of any lasting benefit." For sale by all dealers.

One of the delivery horses belonging to the Crystal Dairy took fright on Ninth Avenue on Monday, and started down towards Victoria Street at a furious rate. Before reaching the Lynn Creek bridge the wagon upset, scattering the load of meat in all directions. The runaway collided with Mr. Wilde's buggy which stood in front of the Blairmore Hardware, doing considerable damage to the buggy. Here the runaway was captured. Fortunately both horses escaped injury.

A cough medicine for children should be harmless. It should be pleasant to take. It should be effective. Chamberlain's Cough Remedy is all of this and is the mother's favorite everywhere. For sale by all dealers.

To Limit Powers of New Trust Companies

Ottawa, Feb. 27.—In the House of Commons yesterday Hon. W. T. White moved the second reading of his bill to consolidate the laws in regard to the control of trust companies. He said that at present companies could be incorporated in two ways, one by special act of Parliament, and the other by letters patent. Exceedingly wide powers in his opinion altogether too wide, had been granted the trust companies when incorporated by letters patent.

In view of their close relationship to the public it was not desirable to grant the sweeping powers now allowed.

He pointed out that there was a growing tendency to incorporate trust companies by letters patent. Since 1931 thirty one had been incorporated in this manner, and of these twenty were during the past two years. Apparently companies preferred to secure charters by letters patent, and for this reason he thought it was time to put an end to the method.

Mr. White observed that now, when incorporations were granted by special act, there was a separate measure with wide divergence of powers for every application. This made it very difficult for the banking and commerce committee, as every clause had to be closely analyzed. He proposed that all companies should in future be incorporated by the model bill, as was now required of banks and insurance companies. There would now be a general act instead of a special act for every application.

While the powers granted under the act are substantially those which have been settled by the banking and commerce committee and by Parliament, many restrictions and limitations have been imposed. For example, a company's own funds must be invested principally in government and municipal securities, bonds and first mortgages on real estate. Again, holdings of stocks are limited to 25 per cent. of paid-up capital. Real estate for the company's own use must not exceed in value 40 per cent. of the paid-up capital.

It is also provided that the company's own funds and its trusts accounts must be kept distinct and separate from each other. Provision is made for audit, and returns must be made to the finance department, showing all investments in detail. An important feature is a provision that the liabilities of a company, both direct and by way of guarantees, must not exceed five times the paid-up capital. Hitherto there has been no restriction upon the amount of guaranteed liability which a trust company might assume. This provision, together with those relating to audit and returns, are made to apply to all trust companies which have been incorporated heretofore by Dominion legislation.

Mr. White said he welcomed the closest consideration of the bill both in the banking and commerce committee and in Parliament, as he was desirous to see enacted legislation which would safeguard the rights of the public in every possible way.

Sir Wilfred Laurier said that it was becoming more and more necessary to put safeguards around the incorporation of trust companies, as they administered estates in which the fortunes of widows and orphans were often involved. He agreed with Mr. White that it was better to abolish the system of granting incorporation by letters patent and to have uniform legislation.

The bill was given a second reading and sent to the banking and commerce committee and Mr. White then introduced a practically similar measure to control loan companies. It contains the same restrictive provisions and requires returns to the government in the same manner as trust companies. It also was sent to the banking and commerce committee.

THE FORTY YEAR TEST

An article must have exceptional merit to survive for a period of forty years. Chamberlain's Cough Remedy was first offered to the public in 1872. From a small beginning it has grown in favor and popularity until it has attained a world wide reputation. You will find nothing better for a cough or cold. Try it and you will understand why it is a favorite after a period of more than forty years. It not only gives relief—it cures. For sale by all dealers.

Bellevue Happenings

Mrs. J. M. Callan paid a visit to Macleod on Monday.

W. Leslie hit the pike for pastures new last week.

Wallace Raynor is visiting his brother Jack in Medicine Hat.

Mr. Stratton, of Hillcrest, was a visitor in Bellevue on Sunday.

J. R. MacDonald and family are moving to Frank on Thursday of this week.

John Carter, who has been here for some time, returned to his old haunts in Steward, Alaska, leaving here last week.

Mr. and Mrs. E. W. Christie celebrated their silver wedding by a party held at their residence on Monday evening.

Watch for the children's anniversary concert on March 24th. It will be the best children's concert ever held in Bellevue.

It is reported that Bellevue's old stand-by, Jim Lindsay, will shortly remove to Frank, to take up a position as tippie-boss there.

MAKED—On Monday, March 2nd, in Bellevue, Mike Favero, to Miss Antonietta Battistino. The Rev. W. H. Irwin officiated.

The janitor of the local school building has found a fishing pool establishing itself in the basement. He is busy bailing out the water.

Mr. Randall, who has for the past nine months held down the barber's chair here, left with his family on Monday to take charge of new quarters at Champion, Alberta.

A grand concert will be given at the Lyric theatre on Thursday night of next week, under the auspices of the Bellevue hockey club. After the concert a dance will be run.

T. M. Burnett spent the week end with his parents in Lethbridge. He returned with some oranges and lemons, home grown, showing that Lethbridge is in the centre of the banana belt.

The anniversary of the Bellevue Methodist Sunday school was held in the Methodist church. The Rev. J. P. Westman, field secretary of Sunday schools, was the speaker of the day, and he was greeted by large audiences at both the afternoon and evening services, who were delighted with his deliveries. In the afternoon his talk was mainly to children, but the grown folks were very much interested in his trip around the world with a camera. In the evening he spoke on "For their sakes (referring to the children) I sanctify myself" and succeeded in inspiring the older folks and at the same time interesting the children. Large children's choirs displayed great musical talent at both services under the able leadership of Wm. Gallimore.

Youth of West Run Wild, Says The Magistrate

"I feel very strongly on this subject, for the reason that it seems to me that the youth of this country are running wild, and I do not know what is going to become of the rising generation unless something is done." Magistrate Sanders thus expressed himself at the preliminary meeting to reorganize the boy scout movement in Calgary Monday evening. The gathering was held in the police court room city hall. The colonel expressed the opinion that the scout movement is the only way to stop this, if it is properly backed up.

It was also moved that an advisory committee of ladies be formed to act in conjunction with the local association, and that a training school be organized for scoutmasters and prospective scoutmasters.

An interesting address on the value of the scout movement to boys of tender age was given by Alex under Hanna at the opening of the meeting. He stated that the movement gives the boys an education, teaches them obedience and self reliance, and one cannot begin too early to make a boy loyal to his flag.

Many parents, the speaker stated, find that they have not the time to direct the energies of their boys. But still the parents want to know what their boys are doing, and this they can learn if the boys are connected with the scout movement. It has been devised that the money to buy uniforms and other things should be earned by the boys and not solicited. For some time the local troops have struggled along, and in many instances have been supported by voluntary contributions from the scoutmasters themselves.

Col. Sanders stated that there is nothing better than teaching a boy to be patriotic, honorable and a good citizen. There are many difficulties in the way, however, and the local scoutmasters have spent a great deal of time, which they gave voluntarily. There was no doubt, the colonel said, that the scout movement is an excellent way to make respectable and honorable citizens out of our boys. He concluded that to revive the scout movement, would be the greatest thing we can do for our country.
